

TOY SORT & ROTATION PLAN

Start with one play area and use storage you already own.

1 SAFETY FIRST

- ☐ Check age guidance, condition, loose parts and recalls
- ☐ Keep older-child small-part toys away from younger children
- ☐ Set aside damaged or recalled items; do not donate them

2 CHOOSE A REAL NEXT PLACE

- ☐ Keep a manageable set on a reachable low shelf
- ☐ Put clean, age-appropriate extras in a rotation box
- ☐ Offer usable extras to a confirmed recipient

3 MAKE RESET EASY

- ☐ Give each type one clear home in an existing container
- ☐ Leave room to remove and return toys without dumping
- ☐ Review the play area when interests or ages change

MY ONE-AREA PLAN

Area to reset: _____

Keep in reach: _____

Rotate for later: _____

Pass on (recipient confirmed): _____

NEXT CHECK

Date / trigger: _____
